Bring central recessed portion of existing fireplace flush with flaking vertical elements and finish with textural black stone for a massive impact at the entry.

Metal panels placed at the back of existing book shelves for an unexpected reflective element.

Trim existing soffits with copper mesh while replacing current ceiling tiles with reflective copper tiles illuminated with cove lighting around perimeter.

Refinish existing paneling with a rich blue tone, update current ceiling soffits with wood veneer while introducing warm copper and rich leathers for a sophisticated billiards room.
